You don't yet realize that we are meant to be
Outside I watch you secretly sevising ways
To lore you into my trap like an animal stalking it's prey

You're my guilty pleasure every night
Surrender yourself to me
You're my guilty pleasure you're my only vice
Surrender surrender

If I cannot have you than nobody ever will
I'm not a violent gentleman but I'll have my way
Everything I have I will give to you
But don't make a sound

You're my guilty pleasure every night
Surrender yourself to me
You're my guilty pleasure you're my only vice
Surrender surrender

You're my guilty pleasure every night
Surrender yourself to me
You're my guilty pleasure you're my only vice
Surrender surrender

I want I need it
I don't care If you let me
I want I need it
I don't care If you let me

You're my guilty pleasure every night
You're my guilty pleasure you're my only vice

You're my guilty pleasure every night
Surrender yourself to me
You're my guilty pleasure you're my only vice
Surrender surrender

You're my guilty pleasure every night
Surrender yourself to me
You're my guilty pleasure you're my only vice
Surrender surrender

You're my guilty pleasure
You're my guilty pleasure
You're my guilty pleasure every night
