Time to pass away to pass time away tonight

I've had enough of having enough and I

A falling in love a falling in love

A falling in love a falling in love

I had several complications in mind

Hesitation wasn't one of them tonight

Love sickness goes undiagnosed and we're infected

I'm falling in love I'm falling in love

Happy endings are a mystery

I'm falling in love I'm falling in love

Although my love won't fall for me

What I'm searching for is a metaphor to life

That's's irrational and subliminal I'm falling

I had several complications in mind

Hesitation wasn't one of them tonight

Love sickness goes undiagnosed and we're infected

I'm falling in love I'm falling in love

Happy endings are a mystery

I'm falling in love I'm falling in love

Although my love won't fall for me

I glanced over my shoulder (my shoulder)

And thought I saw you coming over

But you were gone without a trace when I arrived

I can't believe I've been deceived

I should have seen this coming

I'm falling in love I'm falling in love

Happy endings are a tragedy

I'm falling in love I'm falling in love

Although my love won't fall tonight

I'm falling in love I'm falling in love

Happy endings are a tragedy

I'm falling in love I'm falling
