Smell the flowers
Wine and dine
It's so beautiful to decide
You don't have to tell me twice
I'm not taking your advice at all

At the door there's a knock
Sudden loss of blood leads to shock
Now my wish is your command (wish is your command)
Your presence is in demand (presence is in demand)
And I feel obliged to shut my eyes and make a wish
again

Call it quits call it quits
Off to bed off to bed
You should stop while you're (stop while you're)
How you hell ahead

You're not reaping what you sow
Cause it's all in who you know
Ignorance is bliss unless you wish to know the truth and
live

You're an empty you're an empty heart
You're an empty you're an empty heart

You're an empty you're an empty heart
You're an empty you're an empty heart

You're an empty you're an empty you're an empty heart
You're an empty you're an empty heart
