Nine o'clock I'm sad.  
Ten o'clock I'm blue.  
Twelve o'clock I lie awake  
Cryin' over you.

24 hours of loneliness,  
miss you every day  
right on time.  
24 hours of loneliness,  
a system that I use  
to lose my mind.

One o'clock I'm dreamin'  
how it used to be.  
Two o'clock I call your name  
but you don't answer me.

24 hours of loneliness,  
miss you every day  
right on time.  
24 hours of loneliness,  
a system that I use  
to lose my mind. Yeah.

(Repeat chorus and fade)
