"Where Did All The Good Times Go"

We lived in the country when I was a child
You lived up the highway, 'bout half a mile
We laughed away the hours, runnin' to and fro
Tell me baby, where did the good times go?

I can still remember summers in the shade
Winters by the fireplace, the promises we made
You said, you'd always love me, what happened, I don't
know
Baby, where did all the good times go?

Where did all the good times go? Where did they go?
Tell me, woman, if you know, where did the good times
go?

I can still remember summers in the shade
Winters by the fireplace, the promises we made
You said, you'd always love me, what happened, I don't
know
Baby, where did all the good times go?

Where did all the good times go? Where did they go?
Tell me, woman, if you know, where did the good times
go?
