Stuck in a world, no longer turnin'
Always the one, waitin' for somethin'
Too many days, walkin' around sleepin'
Open my eyes, I'm tired of dreamin'

Cause I wanna run with a reckless emotion
Find out if love is the size of an ocean
And Even if I crash down, burn out
At least I'm gonna know what it's like
To feel alive

Hey yeah, hey yea yea yea yea yea...

Sun on my face, lights over the city
Maybe in love, or just learnin' to be
On my two feet, I can only imagine
I'll say the words, and believe it will happen

I wanna run with a reckless emotion
Find out if love is the size of an ocean
And Even if I crash down, burn out
At least I'm gonna know what it's like
To feel alive

They think they know me
But how can they know me
I'm getting to know myself
And I'm finally ready to be somebody
With a story to tell...

I wanna run with a reckless emotion
Find out if love is the size of an ocean
Even if I crash down, burn out
At least I'm gonna know what it's like

I wanna feel 'til my heart breaks wide open
I wanna burn like a fire that's goin'
And Even if I crash down, burn out
At least I'm gonna know what it's like
To feel alive...

Oh, feel alive
