I'm so highhhhh, flying saucer racing on vacation in the sky over top the population

Marijuana, maryjane, whatever you name it/  
Been smoking for a couple years and got no plan to change it/  
At 21 I started puffing just in moderation/  
Now I smoke like I'm Jamaican it's a daily operation/  
Plus within my occupation it's an obligation/  
Late night, cloudy room instrumental dominating/  
I'm so high strung, but I stay calm and patient/  
When I'm blazing, more focused then when I'm intoxicated/  
My parents always told me drugs are bad don't you ever take em/  
You'll be wasted and sedated talking sharp with God and Satan/  
Life is often changing though, nowadays they smoke a bit/  
After work "Puff Puff" and don't want no one knowing it/  
Oops I let the cat out the bag, what a drag/  
Don't be mad fam here take a drag/  
I'm a pot smoking pot head, I'm not ashamed to say it/  
Never hide it like a coke head its way too complicated/  
I'm laid back feeling good, yea I'm high maintenance/  
Puffing on a blunt go ahead try taking it/

Chorus

Rolling my weed another day goes by/  
I know what I need when I see the sun rise/  
I wanna beleive I don't need to get high/  
But I gotta have it, cause I gotta habit, and I keep smokingggg/  
To maintain my high, smokin'  
I need to maintain my high/  
Rolling my weed another day goes by/  
I know what I need when I see the sun rise/  
I wanna beleive I don't need to get high/  
But I gotta have it, cause I gotta habit, and I keep smokingggg/

We got that hashish, dope, weed, however you say it/

When it comes to chronic smoke Canada we have the  
greatest/  
And all my freinds and peers have been smoking it for  
years/  
So it's hard for me to quit but I'm constantly  
contemplating/  
And my girls been complaining ever since her  
ovulating/  
Turned into her water breaking now she watches what  
she takes in/  
Cudo's to my lady, but if im not mistaken/  
She's the reason I smoke a lot, man she used to smoke  
a lot/  
I use to say, damn girl get off the dope, stop/  
When I tried it though we grew together like a growing  
op/  
She means well I know that, I'm not complaining/  
I'm just colour commenting, stepping back and  
observating/  
Shit I love it, but I see the complications/  
It's hard concentrating when I'm high song creating/  
Man I hate it, I mean I need it, I mean I hate it, I mean it/  
Shit im indecisive when I'm weeded/  
I need some hight maintenance, I know it's long  
awaited/  
Plus I feel my tonsil's aching think it's from the pot I  
take in/

#### Chorus

Rolling my weed another day goes by/  
I know what I need when I see the sun rise/  
I wanna beleive I don't need to get high/  
But I gotta have it, cause I gotta habit, and I keep  
smokingggg/  
To maintain my high, smokin'  
I need to maintain my high/  
Rolling my weed another day goes by/  
I know what I need when I see the sun rise/  
I wanna beleive I don't need to get high/  
But I gotta have it, cause I gotta habit, and I keep  
smokingggg/
