{Intro}

Ninja?

You're a ninja?

Get out of here you're a ninja!

Yes I am a ninja.

{Chorus 1}

I read the rules before I broke 'em

I broke the chains before they choked me out

And I pay close attention

When I learn the code

I learn to read the map before I hit the road

{Verse 1}

Hey yo I know you never heard this before

But I'd rather lose a fight than miss the war

And I ain't wishing competition or fishing for it

I'm just living in a system conditions are poor

I've been lost in the rhythm and miss informed

To many late nights hitting the liquor store

To many bad decisions, half a-- attempts

No sweat, no fear, no blood, no tears

I go hard

And I ain't makin' up no excuse

I'm only do I don't do what I'm supposed to do

Cause if you think about it man were supposed to lose

It ain't all picture perfect don't confuse

Nope, I was a first class rookie

Taken out badies in my all black hoodie.

Man and mystery you now the history

Get it or forget it cause poof I'm outta here

{Chorus 1}

I read the rules before I, broke 'em

I broke the chains before they choked me out

And I pay close attention

When I learn the code

I learn to read the map before I hit the road

{Chorus 2}

Nobody's going to see me coming
Nobody's going to hear a sound
No matter how hard they tryin'
No stoppin' me since I found

My inner ninja
My inner ninja
My inner ninja
My inner ninja

{Verse 2}

Hey yo I've been high and I've been real low
I've been beaten and broken but I heal though
So many ups and down
Ruffed up and clown
We all got problems but we deal oh

I'm trying to do better now
Fined my inner peace
Learn my art form and find my inner chi
When my backs on the wall I don't freeze up
No I fined my inner strength and I re-up

Here we go
I know I've never been the smartest or wisest but I
realize what it takes
Never dwell in the dark cause the sun always rises
But I gotta make it to the next day

It's a feeling that you get in your lungs when you run
But you running out of the air and your breath won't
come
And you (Breaths in and out heavily) wheezing gotta
keep a movin'
Fined an extra unh and push your way through it

{Verse 3}

I've had bad habits but I dropped 'em, I dropped
'em
I've had opponents but I knocked them out
I climbed the highest mountains
I swam the coldest seas
There ain't nothing I've faced that's been to much
for me

{Chorus 2}

Nobody going to see me coming
Nobody's going to hear a sound
No matter how hard they tryin'
Nobody's going to bring me down

Nobody going to see me coming
Nobody's going to hear a sound
No matter how hard they tryin'
No stoppin' me since I found

My inner ninja
My inner ninja
My inner ninja
My inner ninja

{Verse 3}

I've had bad habits but I dropped 'em, I dropped
'em
I've had opponents but I knocked them out
I climbed the highest mountains
I swam the coldest seas
There ain't nothing I've faced that's been to much
for me

{Outro}

Man that was dope
You think
What are you like a, a third degree black belt
Actually I'm not even in karate
But I'm a fan
My inner ninja
