That's What I Do  
Yeah  
Uh  
Feelin kinda famous, yeah

That's What I Do

[Verse 1: Classified]

I'm feelin kinda famous in my hometown  
People hold me up, cause I hold em down  
I never moved away from my family  
And got the same friends as in elementary  
You know the name in the style  
But don't know what I have  
Cause in my circle of friends,  
The one imposted and brag  
Ended up in secure  
A list of what others had  
Glad I got raised a little different by my mother and  
dad  
You know what I mean?  
I was a skater and a jock  
Oh we showing off  
My rolemodels were Wayne Gretzky and Tony Hawk  
A C-student, I was average and best  
Till I found hip hop and put my attitude to check  
Then I found my identity, stopped caring about what  
anybody said to me  
Alot of people make music to make you go forget about  
life  
I make mine to hopefully help, you won't deal with the  
right  
That's what I do!

[Hook]

How many times I got to tell ya  
I'm doin' this with or without cha  
I went through all of it and back again  
That's what I do, no need to ask again

[Verse 2]

And I ain't playing about the books, I don't know how  
I write my own story as it goes down  
And you can either love me or hate me  
No one cares about the ones who play it safely  
Even my manager party's more than I do  
I usually leave the party by 2  
Go get high and hit the dry through  
I feeling kinda old for the shit  
But the kid inside of me don't know when to quit  
Huh, I bring the weed to the party cause of courteous  
I started burnin' it, cause I was curious  
Now marihuana is my reality  
But never touch a harder stuff cause my addict to  
personality  
I know my limits, what I can and what I can't do  
I understand myself so why don't underhear my health  
I share determination and true grid face it  
Don't follow any bad places  
That's what I do!

[Hook]

How many times I got to tell ya  
I'm doin' this with or without cha  
I went through all of it and back again  
That's what I do, no need to ask again

[Verse 2]

Yeah and it's true  
I think about this music every day and night  
I'm just passionate about the way I write  
But every now and then I need to take a break from this  
Cause I can't even raise my kid or take a shit without  
attempted to create a hit  
My lifestyle ain't change it's 90  
And I'm, still at the liquorstore gettin' ID  
With the same crew  
Jay brew IV [?]  
It might be as losin' touch  
Highly unlikely  
Ask the wrong person, I'm I has, been and done with  
Ask the right person, I'm a legend to run shit  
You either gonna love this or dumb this  
But all I can do is keep it 100  
That's what I did!

[Hook]

How many times I got to tell ya  
I'm doin' this with or without cha  
I went through all of it and back again  
That's what I do, no need to ask again
