[Classified:]  
They call this Hip hop

[Royce Da 5'9":]  
Real recognize real  
Yea  
My pradas and guccis  
Got me tied up with hoochies  
My hotel room smell like a lot of produce-e  
I'm a god, I could crucify you  
Exclude nobody, that means that it's you it applies to  
If I was you I'd leave it alone  
I kill you or suicide you  
You had a choice before they flew inside you  
The best rapper alive, you better ask around  
I got coke in a hole with a nose like a basset hound  
You step up I guarantee you I'm a back you down  
Ask around, you show fear and get slapped around  
Let's put the track aside  
I fuck with Classified  
Big balls, she suck my dick she gonna move the sack  
aside  
Don't fuck with rappin guys  
That toast'll pop up like a gat surprise  
My motto is kill track or die  
Beef forget it now  
Your piece set it down  
I done already touched more kids than a pedophile

[Classified:]  
Yea, don't matter where you from  
Where you came or where you're goin  
Keep it movin, get em movin  
Haha I'm ready for it all  
Got my back against the wall  
But I'm ready, never fall  
They call this hip hop

[B.O.B.:]

It's the game that pays me  
But somehow lately the game's been crazy  
Ya I'm an 80's baby  
So ya my momma made me but hip hop raised me

[Classified:]

My favorite rap album ever  
Jeeze, let me see  
Somewhere in between blueprint by Jay-Z  
Or either Dre CD's  
Or maybe Illmatic by Nas  
Or possibly doggystyle by snoop dogg  
Lived it like religion  
Critics call it modern day sorcery  
Cause I follow accordingly  
To what rappers reported to me  
Ah, started listenin around the age of 12  
And it changed the way I felt  
Plus the way I raised myself  
It never taught me shoot a gun  
Or go and buy drugs  
It taught me how to keep it real  
And don't be scared of who I was  
It taught me how to grab a mic  
And grow an appetite  
To sacrifice bougie rapper types  
Corny act-a-likes  
I've never been upstaged  
Off the wrong stage  
You can write your verse good  
But I'm a write my songs great  
Never was I poured on  
No rappers co-signed me  
That's why the attitude, asshole  
So don't mind me.

Yea, don't matter where you from  
Where you came or where you're goin  
Keep it movin, get em movin

Well these are not just verbs that I recite  
It's actually a verse of encouragement  
And advice  
And everything is perfectly worded  
The way you like  
So I can make some currency  
Just to service my life

Really I've been workin with verbage all of my life  
So when I die, they gonna bury me with the mic  
And when I go, please do not worry, I'm in the sky  
Then and there you'll see, apparently I'm a psychic  
A heavyweight, don't refer to me lightly  
So when you speak to me, speak to me politely  
I'm like a paycheck before you get fired  
You need me in the game, so basically I'm hired  
Bombin on you guys like Allen Iverson  
They like damn, here's this guy again  
He's on fire, we need a fire hydrant then  
His screw's loose, get some plyers in and tighten them.
