So you thought you'd lost me - buried and forgotten  
Wriggle round inside, you won't escape from this one  
So you think you know me, it's all coming back no  
Well you should, you made me, memories flood back  
now  
I am a faded memory  
You'll never get away from me  
You can never run away  
Away from me  
You can never run away  
I'm gonna catch you see  
You can never run away  
From me  
Well they said your past would catch up with you one  
day  
Never thought that it would happen to you this way  
Never gonna leave you, I've come to remind you  
Of the things you've don you thought you'd left behind  
you  
I am a faded memory  
You'll never get away from me  
You can never run away... etc
