I've been to all four corners of the world
all got one thing in common, that's girls
They keep on knocking, knocking on my door
It's like they follow me wherever I go

Don't get me wrong
the attention feels good
but all I want is to find a real Love

Red light, break time
lately I've been feeling like
they all tryin' a get a piece of me
it's like they all tryin' a get a piece of me
Red light, hold up, I'm just trying find out
why they all tryin' get a piece of me
it's like they all tryin' a get a piece of me

Even been to all of a seven seas
and on every one of them the girls chase me
They keep on calling, calling on my phone
don't think they'll ever gonna let me go

Don't get me wrong
the attention feels good
but all I want is to find a real Love

Red light, break time
lately I've been feeling like
they all tryin' a get a piece of me
it's like they all tryin' a get a piece of me
Red light, hold up, I'm just trying find out
why they all tryin' get a piece of me
it's like they all tryin' a get a piece of me

I've been around the world
but I still can't find that girl
She's so hard to see
when they all want a piece of me
all want a piece of me (5x)

(2x)

Red light, break time

lately I've been feeling like
they all tryin' a get a piece of me
it's like they all tryin' a get a piece of me
Red light, hold up, I'm just trying find out
why they all tryin' get a piece of me
it's like they all tryin' a get a piece of me
