look in my eyes boy, tell me again
where you've been, boy
and don't leave anything out
don't even try, boy, to lie
cause i already sense that something is going down

see i'm way past the stage of begging you to do right
if you wanna go say goodbye,
don't let me hold you up tonight
i tried my best ain't got the strength left to fight
if you wanna play games, thats okay,
but baby not on my time

haven't we been here before?
haven't we been through this all?
i can't keep taking you back again and again
i would be a fool if i, looked passed all the warning
signs
i ain't gonna take you back again and again

now did you think, that i wouldn't know who she was
well two can play that game
how would you feel baby?
if i told you that i was out making love
you need to feel that same pain
if the tables would turn then baby you would see
how it feels to give your all
and in return get nothing

i tried my best ain't got the strength left to fight
if you wanna play games, thats okay,
but baby not on my time

haven't we been here before?
haven't we been through this all?
i can't keep taking you back again and again
i would be a fool if i, looked passed all the warning
signs
i ain't gonna take you back again and again

see i'm way past the stage of begging you to do right
if you wanna go say goodbye,

don't let me hold you up tonight
i tried my best ain't got the strength left to fight
if you wanna play games, thats okay,
but baby not on my time

haven't we been here before?
haven't we been through this all?
i can't keep taking you back again and again
i would be a fool if i, looked passed all the warning
signs
i ain't gonna take you back again and again
