If i could tell the old me what i know now
I'd put my arm around her, sit her right down
And I'd, say that it's gonna be alright
I'd tell her that it's cool if she doesn't fit it
Cause sooner or later the underdog wins in life
So don't let them change your mind
Sitting at home feeling so imperfect but you're not
alone tonight

You're gonna bend but you're not gonna break
Feels like the end but you can't run away
You're fine, you're just ahead of your time
Just let them talk, baby they're gonna see
You'll be amazing and they won't believe their eyes
You're just ahead of your time
Just ahead of your time

Let's talk about the boy i was chasing back then
Wishing he would see me the way i saw him you know,
I took it so damn personal and i remember
Feeling like a train that was going off track
Cry myself to sleep when he didn't call back at all
I told myself it was all my fault
Sitting at home feeling so imperfect but you're not
alone tonight

You're gonna bend but you're not gonna break
Feels like the end but you can't run away
You're fine, you're just ahead of your time

Just let them talk, baby they're gonna see
You'll be amazing and they won't believe their eyes
You're just ahead of your time
Just ahead of your time

Just ahead of your, just ahead of your time
Just ahead of your, just ahead of your time
Just ahead of your, just ahead of your time
Just ahead of your

So if I'm misunderstood ???
You don't ???

You are the one, I'm talking to you
You don't have to be alone tonight

You're gonna bend but you're not gonna break (break)
Feels like the end but you can't run away
You're fine, you're just ahead of your time
Just let them talk, baby they're gonna see
You'll be amazing and they won't believe their eyes
You're just ahead of your time
Just ahead of your time

Just ahead of your, just ahead of your time
Just ahead of your, just ahead of your time
Just ahead of your, just ahead of your time
Just ahead of your, just ahead of your time.
