I've been to all four corners of the world
all got all things in common, that's girls
They keep on knock, knocking on my door
Is like they follow me wherever I go!
Don't get me wrong, attention feels good
But all I want is to find and feel love!

Chorus:

Make me hold up, break top
Make me up and feel like all are tryin' to get a piece of
me

It's like they all try to get a piece of me!
..hold up, I'm just trying to find..

All try to get a piece of me!

It's like they all try to get a piece of me!

Even .. all the seven seas

At every corner the girls chase me

Keep on call, calling on my phone

Don't think they ever gonna let me go!

Don't get me wrong, attention feels good

But all I want is to find and feel love!

Chorus:

Make me hold up, break top
Make me up and feel like all are tryin' to get a piece of
me

It's like they all try to get a piece of me!

..hold up, I'm just trying to find..

All try to get a piece of me!

It's like they all try to get a piece of me!

Been around the world, but I still can't find that girl

She's so hard to see when all want a piece of me

All want a piece of me

All want a piece of me

All want a piece of me

All want a piece of me

Chorus: (x2)

Make me hold up, break top
Make me up and feel like all are tryin' to get a piece of
me

It's like they all try to get a piece of me!

..hold up, I'm just trying to find..

All try to get a piece of me!

It's like they all try to get a piece of me!
