Honesty, sincerity are the hardest things to find
When everyone lies
It use to be that you could read who somebody really
was
By looking in their eyes
Well that's getting harder with time
People just arn't so kind

Where are all the angels among men
Until I met you I didn't believe
Never knew you existed
But I'm a little safer now
Cause I know that I am with
An angel among men
An angel among men

Very small and very young
Always thought of fairy-tale that never came true
But you grow up and you discover
Life is harder than, than you ever knew
When I started losing my faith
You cleared the questions away

So I'm sure that you're my angel among men
Until I met you I didn't believe
Never knew you existed
But I'm a little safer now
Cause I know that I am with
An angel among men

That person right behind you
Could be a saving grace
Sometimes your angel is staring you right in your face

So you gotta know that there are angels among men
(yeah)
Until you meet one you may not believe
Or know they existed
But feel little safer now
And I know that you are with
Angels among men (oh oh)
Angels among men (oh oh)

So you don't have to have wings
And I know that you can't fly
But you're an angel in my eyes
