Now baby I
Im just calling u
To hear ur voice before I go to sleep tonight
So Baby plz
Just do the thing u do
When u kiss me thru the phone and tell me tat u learn
I
Its so hard for me
Its so far away
I hold my pillow and pretend tat its u
It wont belong
But it will feel like eternity
I
Boy should sing
How im counting down the days till u come
I will be waiting by the door
All day long
Cause I donâ[™] t think u understand
Just how empty life is without u
Ohhhhhhoohhh
Ill be waiting by the window to see ur car
Pulling up into the driveway until dark
Do u know how much im missing u babe
U got me counting down the days
4 days and its waiting long
3 days and I missing u soo
2 days and I just cant wait
1 day
u got me counting down the days
so tell me it can
how is gonna happen when were face to face
u better come inside
u better drop ur bag
u better run to me
u better give me tat
give me all tat I love
im missing soo baddd
my pillow is tired of pretending tat its u
u wont belong
but it feels like eternity
i
baby can we can see

now im counting down the days till u come
I will be waiting by the door all day long
I donâ€™t think u understand just how empty life is
without uu
Ohhhhhhohh
Now ill be waiting by the window to see ur carr
Pulling up into the driveway until dark
Donâ€™t think u know how much im missin u babe
I
U got me counting down the days
Ur I know
I get so nervous everyday before
And lord knows my heart beat faster when I feel u close
See ive been looking at the calendar and crossing out
the days as they go by
U got me wishing, u got me praying, fighting til u come
homeee
How im counting down the days til u come
I will be waiting by the door all day long cause I
donâ€™t think u understand
Just how empty life is without uu ohhhhhhohh
I will be waiting by the window to see ur car
Pulling up into the driveway until dark
Do u know how much ive been missin u babe
U got me counting down the days
4 days and its waiting long, 3 days and im missing u
sooo
2 days and I just cant wait 1 day
u got me countingâ€¦. The days
