

Claude Kelly "Face The Music"

Visit "[Face The Music](#)" on MotoLyrics.com

I face the Music (yeah)
I face the Music (woh)
I face the Music (ah)
I face the Music (yeah)
i face the Music
i face the Music

I can be the sweetest woman you know, if you do me
right (yeah)
Shower me with nothing but love and i'm yours for life
But given not the women your number
Telling me lies, pretending to someone
Honest true, that it gone never fly

So, baby, now it's time to face the Music
I ain't coming back again
Because you have your chance with me, why did you
blow it??
So i'm calling all my friends
And tonight i'm gonna dance and forget all about you
i'm gonna dance and forget all about you
i'm gonna dance and forget all about you
forget all about you
forget all about you
Fa-face the Music

I've been on to do the impossible just to please my man
(yeahyeah)
Work to the fire on anyday to protected his happiness
(oh yeah)
But telling that she wasn't around you
Coming in, makes smelling like her perfume
I know, you think i'm a fool
And that it gone never fly

So, baby, now it's time to face the Music
I ain't coming back again
Because you have your chance with me, why did you
blow it??
So i'm calling all my friends
And tonight i'm gonna dance and forget all about you
i'm gonna dance and forget all about you

i'm gonna dance and forget all about you
forget all about you
forget all about you
Fa-face the Music

I could've been your angel in the sky
But you had mess it up
And one day, you could've call me your wife
But you don't know the meaning of love
See, i try and i try to ...
But the Music say: you got to go

So, baby, now it's time to face the Music
I ain't coming back again (i ain't coming but again!)
Because you have your chance with me, why did you
blow it??
So i'm calling all my friends
And tonight i'm gonna dance and forget all about you
(i'm gonna dance)
dance and forget all about you (i'm gonna dance)
dance and forget all about you (i'm gonna)
forget all about you
forget all about you
Fa-face the Music
Now i've seen that you're no good
I'm finally facing the Music
