In my darkest,
You were the only light I remember
Tried your hardest, made me feel alive
Now I can't forget ya

What you found was a lost lonely heart
Torn into pieces, with you I feel like myself

[Chorus]
Nothing but gold when were together
You were my one forever
Feels like Im falling
But I'll never touch the ground
Feeling so right when I'm around you
How can I live without you
Its like I'm falling
But I'm not falling, I'm not falling down
Falling up, falling up, falling up
I'm falling up, falling up, falling up,up
Falling up, falling up, falling up
But I'm not falling, I'm not falling down

Without trying, you knew the words to say
To save me from myself I can't deny it, never felt this
way

Not from no one else

What you found was a lost lonely heart
Torn into pieces, with you I feel like myself

[Chorus]

Who said when you fall you have to fall down (2x)
'Cause I'm going up with you
Who said when you fall you have to fall down (2x)
'Cause I'm going up with you now

Falling up, falling up
Falling up, falling up,up
Falling up, falling up,up
I'm not falling, I'm not falling down

Nothing but gold when were together
You were my one forever
Feels like Im falling
But I'll never touch the ground
Feeling so right when I'm around you
How can I live without you
Its like I'm falling
