No fear no fear no fear, no
I'm standin right here
No fear no fear no fear no fear

[Verse 1:]

Everybody got opinions made about you
But they ain't even have a clue
About what you've been through
Telling you about what you can and what you can't do
When it was that exact experience that made you
I might of made some mistakes
But I did it my own way
I ain't perfect and neither are you
I don't regret what I've done
It made me stronger today

[Hook:]

I can't help it,
(This is me)
Take it or leave it
(This is me)
Better believe it
(This is me)
You're probably just like me
(This is me)
If you're living with no fear

[Chorus:]

Time was splendid but until then I'm right here
Only answer to the man I brought so I got no fear
Take me as I am cause I ain't goin no where
Only answer to the man I brought so I got no fear
No fear no fear no fear, no
I'm standin right here
No fear no fear no fear no fear

[Verse 2:]

Now if you listen to everything that the world said
You know I didn't do half the things they said I did
That goes to shows how easily you can be mislead
I'm just a family man I'm tryna get to my crib

I might of made some mistakes
But I did it my own way
I ain't perfect and neither are you
I don't regret what I've done
It made me stronger today

[Hook:]

I can't help it,
(This is me)
Take it or leave it
(This is me)
Better believe it
(This is me)
You're probably just like me
(This is me)
If you're living with no fear

[Chorus:]

Time was splendid but until then I'm right here
Only answer to the man I brought so I got no fear
Take me as I am cause I ain't goin no where
Only answer to the man I brought so I got no fear
No fear no fear no fear, no
I'm standin right here
No fear no fear no fear no fear
