Have you ever been
This close
To letting
Your lover go
Tell me yes
Ladies yes
Fellas yes
Tell me yes
Have you ever thought
That it was
About time
That you
Should be moving on
Tell me yes
Ladies yes
Fellas yes

See I was sure
That you and me
Was over boy
I packed your things
And left them
There at the front door
Yes, I did
But you know everything
That makes me weak
And more
I should be
Letting you go
But when you give
That kinda love

(Chorus:)
How could a girl
Not love that
You get to kissing
And touching
And right on back
I come running
How could
I not love that
You got me right

Where you wanna
Be lying if I said
I don't love that
Did you ever say
To your self
You can do better
Tell me yes
Ladies yes
Fellas yes
Tell me yes
Did you ever think
You'd be better off
Not being together
Tell me yes
Ladies yes
Fellas yes

See I knew for sure
That you
And I was over boy
I packed your things
And left them
At the front door
Yes I did
But you know everything
That makes me weak
And more
I should be
Letting you go
But when you give
That kinda love

(Chorus 2x)

Deep inside I know
That I should leave him
Leave him
But I can't help it
I really need him
Need him
The way he kiss
And touch yea
Is the reason
That I can't turn
My back
How could I
Not love that
