my friends say that I  
should move on with my life.  
its easier said than done,  
cuz I know that Ive tried.  
they say its time  
to go our separate ways.  
but Im paralyzed,  
and believe me when I say,

if I could live without you,  
i would just walk away.  
but I feel sick when Im not around you.  
like Im allergic to the pain.  
if I could breathe without you,  
i would let go of your hand.  
but every time I try,  
i feel like half a man.  
so its obvious I cant.

no prayer is enough  
I've fallen way too far.  
theres no cure, no drug  
to heal my burning heart.  
dont say its time,  
to go our separate ways.  
cuz Im paralyzed.  
and it wouldnt last for a single day.

if I could live without you,  
i would just walk away.  
but I feel sick when Im not around you.  
like Im allergic to the pain.  
if I could breathe without you,  
i would let go of your hand.  
but every time I try,  
i feel like half a man.  
so its obvious I cant.

oh, its obvious. I need you love.  
so dont you ever go away.  
no, I need you girl,  
in my life,

every minute, every day.

if I could live without you,  
i would just walk away.  
but I feel sick when Im not around you.  
like Im allergic to the pain.  
if I could breathe without you,  
i would let go of your hand.  
but every time I try,  
i feel like half a man.  
so its obvious I cant.

if I could live without you,  
i would just walk away.  
but I feel sick when Im not around you.  
like Im allergic to the pain.  
if I could breathe without you,  
i would let go of your hand.  
but every time I try,  
i feel like half a man.  
so its obvious I cant.  
(na na na na na na na na na)  
its obvious I cant.  
(na na na na na na na na na)  
(Ooh)  
its obvious I cant.  
(Ohh)
