maybe we were in need  
to be on a silver screen  
maybe were not as perfect  
as everyone thinks we should be  
baby its all my fault  
think everytime i fall  
you would be there to catch me  
when really no one would show  
its not like it was before

can we jump can we just  
close our eyes imagining  
were hand in hand tumbling yeah  
as long as its me and you  
take a chance when we land  
no one cares as long as we keep falling  
without parachutes

what is this mess i made  
im sorry i made you think  
that you had to be so perfect for me  
go and change everything  
i almost let you go trying to keep control  
how could i be so stupid (??)  
and now i know what im looking for  
im not who i was before

can we jump can we just  
close our eyes imagining  
were hand in hand tumbling yeah  
as long as its me and you  
take a chance when we land  
no one cares as long as we keep falling  
without parachutes

im ready to take (?) gotta leave it all behind  
cuz i gotta quit gettin so caught up in the fasionation  
(??)

(??)

can we jump can we just

close our eyes imagining  
were hand in hand tumbling yeah  
as long as its me and you  
take a chance when we land  
no one cares as long as we keep falling  
as long as were falling  
without parachutes

maybe we were in need  
to be on a silver screen  
maybe were not as perfect  
as everyone thinks we should be
