Claude Kelly
"Robbery"

(2x):
My hearts missing
Has anybody seen it?
'Til I find it
Ain't nobody up in here
Leave it

DJ cut the music
Just somebody
Turn the lights up
Party people
Please stop moving
Cause something here
Is very unusual
See he showed up in my face
Like a thief in the night
Asked me if I wanna dance
I said alright
Our bodies
Pushed together so tight
I didn't know nothing
Was missing
Till he said bye so

[Chorus:]
Hands up, hands up
There's been a robbery
Above me
He took, he took
The biggest part of me
Above me
(And I wanna know)
I never got your name
I don't even know you
Throw my heart out

I left it out
On the dance floor
So hands up, hands up
There's been a robbery
Above me

[Repeat 1st Verse 2x]

Security lock
All the exits
Don't let no cars
Out of the vale
I'm about
To really lose it
If I can't find nobody
To help me
See he showed up in my face
Like a thief in the night
Asked me if I wanna dance
I said alright
Our bodies
Pushed together so tight
I did not know there
Was something missing
'Til he said bye so

[Chorus]

(Repeat 1st verse 2x)

(6x):
How you gonna go through
My heart like this?

[Chorus 2x]

[Repeat 1st Verse]
