Let me tell you about this girl I met,
I can't get shawty out of my head,
Had a body like boom boom boom,
The baddest chick in the whole damn room,
And just when I was about to holla at her,
Take it to the crib and put it on her,
Shit, Right then a man showed up,
It's just my luck,
But damn girl can't be mine,

Oooh,
What do you do when the girl you love,
She don't love you, Oooh,
I swear it feels like a knife got stuck,
Cut me so deep, Wrestling my pride,
Swear I might be, Out of my mind,
I'm telling you oooh,
What do you do when the girl you love,
She don't love you, Ooh Ooh,
She don't love you, Ooh Ooh,

Fast forward like a couple days now,
Even though I'm taking other girls out,
I'm slip up and call them her name,
That's how our love got me going insane,
I close my eyes, And she dancing on me,
We in the middle of a real hot dream,
But right then, You know a man shows up,
It's just my luck, Damn girl can't be mine,
And it's got me saying,

Oooh,
What do you do when the girl you love,
She don't love you, Oooh,
I swear it feels like a knife got stuck,
Cut me so deep, Wrestling my pride,
Swear I might be, Out of my mind,
I'm telling you oooh,
What do you do when the girl you love,
She don't love you, Ooh Ooh,
She don't love you, Ooh Ooh,

Yo Yo,
She should be mine,
Fuck that, Other guy,
He gots, No swag,
Like me, That's a fact,
So to tell it, He ain't no competition,
You need to be with me, I don't know why she tripping,
When the guy so dumb, It's just my luck,
But damn girl can't be mine,
And it's got me saying,

Oooh,
What do you do when the girl you love,
She don't love you, Oooh,
I swear it feels like a knife got stuck,
Cut me so deep, Wrestling my pride,
Swear I might be, Out of my mind,
I'm telling you oooh,
What do you do when the girl you love,
She don't love you, Ooh Ooh,
She don't love you, Ooh Ooh,
She don't love you, Ooh Ooh,
She don't love you, Ooh Ooh,
