all i gotta say to you is one thing
not a conversation just one thing
i need your touch
tell me whats up with us
i told you i wanted to wait yes i know
but now i need to escape so lets go
and make this love
words aint enough

just shut up and kiss me
u dont have to say a thing
cuz talkin just dont mean a thing
i heard it all before
so show me what u mean
why dont u shut up and kiss me
u dont have to say a thing
if you know where u wanna be
no need to say a thing
just give it to me

1 year, 3 months and counting
i was looking for love
and i found it
youre always there yeah
its just not fair
to make you wait
so im ready to give my love
so dont say a thing just touch me there

right there
right there
right there
oh yeah
just shut up and kiss me
u dont have to say a thing
cuz talkin just dont mean a thing
i heard it all before
so show me what u mean
why dont u shut up and kiss me
u dont have to say a thing
if you know where u wanna be
no need to say a thing

just give it to me

some people need to hear the words to be reassured
but im being sincere
prove it with a kiss

just shut up and kiss me
u dont have to say a thing
cuz talkin just dont mean a thing
i heard it all before
so show me what u mean
why dont u shut up and kiss me
u dont have to say a thing
if you know where u wanna be
no need to say a thing
just give it to me
