Some Things Never Die
Claude Kelly

Looking out to the great unknown
Been here
Waiting for the mystery to unfold
Because every remedy I dream of fills me
When I feel like getting out
I end up back where I was
When you were the one
And I'm so tired of feeling like

Like I can't find a reason
I can't justify
Cause I keep hoping you'll fade in the night
But your memories
Always there beside me
Like some holy light
But no matter how hard that I try
I guess some things never die
Ohhh
I guess some things never die
Ohhh

Here I am trying to hold this sin
But I'm still more fragile than I ever been
I know that you're never coming back
But I can't let go of the past when mine just got me
Stuck where it was
You're still the only one
But I'm so tired of feeling like

Like I can't find a reason
I can't justify
Cause I keep hoping you'll fade in the night
But your memories
Always there beside me
Like some holy light
But no matter how hard that I try
I guess some things never die
Ohhh

It's about time that I realize
Open up my eyes and let you go
But deep inside I don't think I'm meant to be alone

Some things have to end
Some things don't survive
But I know some things never die

Like I can't find a reason
I can't justify
Cause I keep hoping you'll fade in the night
But your memories
Always there beside me
Like some holy light
But no matter how hard that I try
I guess some things never die
Ohhh
I guess some things never die
Ohhh
Some things never die
