I had a funeral, and i buried your memory
Six feet under the soil, it no longer haunts me
Made you invisible, so the pain would be unseen
I'd rather be known

Just when I think i'm healing, you cut me and i'm
bleeding

You came uninvited, but you might as well stay
No I wasn't trying, but I guess I kinda failed anyway
I said Never again, so why did you always show up
uninvited?

I feel the ice start to break, and we're back to where we
were
Winter nights fade away, and the sun begins to burn
I'm sick of this feeling, you cut me and I'm bleeding

You came uninvited, but you might as well stay
No I wasn't trying, but I guess I kinda failed anyway
I said Never again, so why did you always show up
uninvited?

Guess I gave it time
that i try to say goodbye
you come back to my life uninvited
How can I move on when your never really go, when
your always coming home, uninvited

You came uninvited, but you might as well stay
No i wasn't trying, but I guess I kinda Failed anyway
(x2)

I Said never again, so why did you always show up
uninvited?

You came uninvited, but you might as well stay
No I wasn't trying, but I guess I kinda failed anyway
I said Never again, so why did you always show up
uninvited?
