I get it, it all makes sense  
Those flowers were a weak attempt  
To cover up all the nights I spent alone  
It took a minute but I finally see  
You denied when I said that she was more than a friend  
ought to be  
I said no but you should know

I don't get mad, I get even  
I don't fight without a reason  
All your lies, don't believe em  
I hope you know, this means war  
This means war  
This means war  
Hope you know, hope you know

Words flying like hand grenades  
[Arm] up, blowing up in flames  
Just look at the mess you made tonight  
It won't be pretty, it'll be severe  
Cus you're the cause of the damage here  
If I cry you'll be shedding tears  
Cus

I don't get mad, I get even  
I don't fight without a reason  
All your lies, don't believe em  
I hope you know, this means war  
This means war  
This means war  
Hope you know, hope you know

Such a shame it had to end like this  
I'm only acting at a self defense  
A heart is something that you don't play with  
You should know

I don't get mad, I get even  
I don't fight without a reason  
All your lies, don't believe em  
I hope you know, this means war

This means war  
This means war  
Hope you know, hope you know
