Am I wasting my (Wasting my, wasting my)
Am I wasting my (Wasting my, wasting my)
Am I wasting my (Wasting my, wasting my)
Am I wasting my (Wasting my, wasting my)

The only thing worse than losing you baby
Is hearing she moved one, found someone else to love
I've been at home missing you like crazy
Hiding from the sun, don't want to see no one
It ain't that easy to completely say that I let you go
It's even harder when she's part of your heart and soul
I don't understand why you're so cool and comfortable
So baby I got to know
Am I wasting my tears?

On you, because you've just moved on
With no second thoughts, is it just me who feels
So blue, 'cause you just moved one and I'm not that
strong
Am I wasting my tears?

Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?

I know that its over now
But I thought we'd get back together
Again in the future
This guy that's lovin' you now
Might have love for you
But not quite like I do

It ain't that easy to completely say I let you go (Let you
go)
It's even harder when she's part of your heart and soul
(And your soul)
I don't understand why you're so cool and comfortable
So baby I got to know
Am I wasting my tears?

On you, because you've just moved on (On)
With no second thoughts, is it just me who feels
So blue, 'cause you've just moved on and I'm not that
strong
Am I wasting my tears?

Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I?

Why can't you feel the pain that I feel everyday that I'm
without you
Don't make me waste my tears on you
But time will prove no one will make him love you the
same way that I do
Tell me, am I wasting my tears?

On you, because you've just moved on (On)
With no second thoughts, is it just me that feels
So blue, 'cause you've just moved on and I'm not that
strong
Am I wasting my tears?

Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?
Am I wasting my tears? Am I wasting my tears?

Am I wasting my (Wasting my, wasting my)
Am I wasting my (Wasting my, wasting my)
Am I wasting my (Wasting my, wasting my)
Am I wasting my (Wasting my, wasting my)
