Eeh eh

hello single life again
Im back where i started and i dont now if
i find anathor girl again
Look me feel the way like this want it?
Now im sitting in the dark
Waiting for, waiting for a miracle

if i could undo all the things i said i would
if i could undo all the stupid things i did to here
i never lie i swear i never make here cry
if i can rewind time and make it right
i would if i could
i would if i could

goodby to my happines
im so lost without you and its al my fault
i found myself in such a mess
im hoping to intresst call (?)
im sitting in the dark
Waiting for, waiting for a miracle

I i could take back all the things i said i would
if i could undo all the stupid things i said to here
i never lie is swear i never make here cry
if i can rewind time and make it right
i would if i could
i would if i could

Now if the ---- above was real
some kind of magical change i feel
if there was realy a men to steel?
i make them fly above to get you
and bring you to me

Oooh ohhooo

I i could take back all the things i said i would
if i could undo all the stupid things i said to here
i never lie is swear i never make here cry

if i can rewind time and make it right
i would if i could
i would if i could

I i could take back all the things i said i would
if i could undo all the stupid things i said to here
i never lie is swear i never make here cry
if i can rewind time and make it right
i would if i could
i would if i could
