Just walk on out the door it's all over forgiving you is  
just a waste of time  
I don't believe that I'll live to regret it  
Cause you're ancient hist'ry to this heart of mine  
So many times I've heard the same old story  
Any fool can learn to read between the lines  
And this time honey you've burned all your bridges

You're ancient hist'ry to this heart of mine  
I've marked you down as just another lonely page  
In the book of heartaches that you'll leave behind  
Cause I've found out I'm better off without you  
You're ancient hist'ry to this heart of mine
