We're in the right place at the right time and it's easy to
go wrong

The soft light shine just right tonight on your lovely
face

And a haunting sound of music seem to fill the place

We're both eager to forget life that waits at home

We're in the right place at the right time and it's easy to
go wrong

Yes everything is much too right tonight

As we watch our hearts sink slowly out of sight

And being eager to forget life that waits at home

We're in the right place at the right time and it's easy to
go wrong

[ac.guitar]

Your kiss is fine there's warm desire in each embrace

And the wine is fine and that makes us want to stay

We both know that it's not right but this feeling is so
strong

We're in the right place at the right time and it's easy to
go wrong

Yes everything is much too right...
