Aha

I can't love someone like you,
Who tells me what I do.
What to say, and where to go,
Cos It's not up to you.

This is is for real,
And the right thing baby.
It's been drivin' me crazy,
Oh, I can't go on.
We both know it is for the better,
This wouldn't last forever more.
Anymore.

I can't be your lover,
What we had is over.
There must be another one for me.
I need someone babe,
Who'll treat me like a lady.
Make me feel so heavenly.
Feel so heavenly.

I don't need someone like you,
To tell me what to do.
What to say, and where to go,
Cos It's not up to you.

This is is for real,
And the right thing baby.
It's been drivin' me crazy,
Oh, I can't go on.
We both know it is for the better,
This wouldn't last forever more.
Anymore.

Oho

I can't be your lover,
What we had is over.
There must be another one for me.
I need someone babe,

Who'll treat me like a lady.
Make me feel so heavenly.
