I want you but, I don't know why
You make me laugh until I cry
And I feel so funny
With skies so sunny and blue

I like you and your homemade charm
It feels so good walking on your arm
If you're making advances
I'm taking my chances with you

I'll always be a small town girl
Learning to live out in a big old world
My heart's on the ceiling
I'm lost in a feeling with you

You're crazy, but that's okay
When you look my way it's a brand new day
Bells start ringing
And birds start singing a tune

I'm living in a beautiful dream
Where the days go by like a peach ice cream
If you keep calling
I'll keep falling for you

I'll always be a small town girl
Learning to live out in a big old world
My heart's on the ceiling
I'm lost in a feeling with you

I love you, so there I said it
The way you're smiling, I don't regret it
I'm old fashioned but
I've got a passion for you

I'll always be a small town girl
Learning to live out in a big old world
My heart's on the ceiling
I'm lost in a feeling with you

My heart's on the ceiling
I'm lost in a feeling with you
