"Tony Starks fights again for survival,  
and by just a thin thread of electric current  
wins another victory."

[Superb (Ghostface)]

Ugh, c'mon, yeah, c'mon y'all

(Bounce wit us) Hip-hop

(What? Celebrities, what?)

(Street corner) For all my niggas

Crack spot niggas

\*Chip Banks starts to sing "we made it"\*

Chicken ass mothafuckas, envious bitches

Yo, you know what y'all...

Make me wan' pop sumthin', no champagne

Two-five on me, weed and crack stalk me

Bitch motherfucker tried to get a rep' off me

Leave him there, never know, get him off me

I remember days when we just fucked bitches

Bought a lot of clothes and just played the ave.

Now we rap niggas with a lot of wardrobes

and if we want a nigga dead we pay the cash

I ain't tryin to waste my career on y'all

Even scuffle with y'all, waste gear on y'all

But if I gotta go out, you know I'ma show out

You gon' fuck around and get your whole back blown

out

I remember on the Island, can't tone out

The mess hall crawler, about to zone out

Dumb motherfuckers with our microphone out

We just dumb motherfuckers with our microphone out

[Chip Banks]

See.. see.. see me

I roll with Ghost and cats that carry they toast and

make the post and from pagin, sin astasian

When it's time to bust off them things, it ain't a game

man

We rocked out own diamond rings, see them 'Bling,

Bling'

Got big boy toys, Porsche, Sixes

Dime bitches, told y'all before we import those  
Jury stay froze, court cases get closed  
Niggas hate Nino cuz how fast I roast them  
Like George Jefferson and em, steppin on em  
The headline read, "Starks had the weapon on em"  
The best, what y'all expect? He a vet  
Plus the best, now tell me how we gon' foul  
when we dealin with 'Supreme Clientele'

[Chorus: Superb - American Cream Team x2]

>From Riker's Island to the Camay Island  
We thugs like, life is the same challenge  
Do the knowledge, recognize your talent  
And if you live the streets, you better stay silent

[Ghostface Killah]

Yo, spotted at a mirage, Ghostface walked by groupies  
Minkal monk stars, I come in cat, invades Mars  
Hallyed at a sanctuary, first dent placed upon entry  
Fainted when the book mentioned me  
Keep ballin, new systems, high sciences  
Drop that, Ghost listenin, the track sizzlin  
Angelica, Judey Plum for bitches, Goines king of the  
century  
Best sellers, but niggas stay together  
Posted up trucks, leanin on the Benz  
Cinemax smile shot in thrity-five lens  
You program, broke bottles of Dom  
Seven inch bangles, back breakers  
I'm a dope feed, look at my art, Popeye strength  
Rap with a British accent, Gucci clothes  
Dennis Coles in the latest fashions  
Blow backs in, flip raps like fourty-eight bundles  
Dinner plates, deadly front gates, celeb Brian Gumble

[Hell Razah]

Interlapse this in like Deniro, words in your center  
earhole  
Blocks of ice like Sub-Zero, we been right since day  
zero  
Shatter your soul like glass windows  
Turn verses to nymphos, pop these hollows at fake cats  
in a Tahoe  
Wild out, throw your liquor bottles at hood rats to the  
richest models  
We conversate like Christ and the twelve apostles  
Livin life without you, can't count you as great men  
Murderers in the state pen', bein caged in  
The wage is a sin, before they read up they pop our  
tape in  
You ain't gotta tuck you chain in cuz here we want the

head of Satan  
Durags and our pants hangin

\*Chip Banks starts to sing "we made it" again\*

[Ghostface]
