Get nervous, get nervous, get nervous, get nervous,  
get nervous

Get nervous, get nervous, get nervous, get nervous,  
get nervous

I feel a little shaky, I can't control my nerves

I know you think I'm fakin', but can't you feel the curve

I swear to you that feelin', it scares me half to death

It gathers in my throat and it gathers up my breath

Chorus:

Anxiety got me on the run, anxiety, (yeah) I just need  
someone

Anxiety, can't get nothing done, anxiety spoils all the  
fun

I'm pickin' up the telephone, there's no one I could call

I need somebody bad and I get no sleep at all

I wish I could relax, I just can't stop my mind

I wish I could collapse, but my body's not that kind

chorus

Can't you hear my heart beat, hear the way it sounds

Can't you hear my heart beat, hear the way it pounds

Just give me something to slow it down, yeah

(Instrumental break)

Sometimes in the city, sometimes in my car

I batter on the windows, like I'd be inside a jar

chorus repeats 2x

Get nervous, get nervous

Get nervous, get nervous, get nervous, get nervous
