Art attacks from subway walls, sprayed like bullets into  
concrete face

Everywhere you turn knuckles are crackin'

Suburban monkeys break ghetto habits, body guns  
loaded for a dime

See 'em shed their celebrity skin for a life of trash and  
crime

Chorus:

Cool Zero, you wanna go where the wild ones go

Cool Zero, you wanna know where the bodies are  
burned

Crawlin' under every rock, you gotta see what time  
forgot

(Cool Zero) Cool Zero, (Cool Zero)

Nothin' stops the hit parade, money makers will be  
shaken down

Everywhere you go, fingers are snappin'

Commercial prophets shout revolution, throwin' dirt  
upon a good man's name

Watch 'em sell his soul for shoes and dance upon his  
grave

chorus - Cool Zero

Cool Zero, (Cool Zero) Cool Zero

In this junk food civilization they will eat and not think  
twice

For a dance in the dragons jaws they will gladly pay the  
price

An' eat their fill

Headlines turn in violent days, run like blood across the  
printed page

Everywhere you look, atoms are smashin'

Politicians smilin' for the camera, and the pictures  
make you wanna scream

Maybe baby, we'll just play it cool, like Elvis at 19

chorus - Cool Zero

Cool Zero, (Cool Zero) Cool Zero
