I got papers on you baby, you gotta do what I say  
I got papers on you baby, you gotta do what I say  
I mean business, darlin', I'm too old to play

I got papers on you baby, and I mean you're mine oh mine  
I got papers on you, and I mean you're mine oh mine  
If you do just what I tell you darling, we're gonna get along real fine

Now a red light means stop, green light means go  
Tell you something once, I ain't gonna tell you no more  
I got papers on you baby, you gotta do what I say  
I gotta obey, and I'm too old to play

(Solo)

Well I'll see that you eat, and I'll see that you got a place to stay  
I'll see that you eat, and I'll see you got a place to stay  
But as long as you live in this house, I ain't gonna let you have your way

I got papers on you baby, and I mean in black and white  
I got papers on you, and I mean in black and white  
Now I ain't hard to get along with, but you just gotta treat me right
