N. Geraldo, P. Giraldo, M. Grombacher)

You gotta admit, you've been a pretty picture

No one did ever suspect, you're so identical arts

I hear the lonely lover say, you hide behind cosmetic
eyes

Kiss 'em off with lipstick lies

Lipstick lies won't hide the truth, and they won't keep
you waterproof

The victim of your vanity

You're a Picasso of pain, a fantasy in flashtone

And though you're never the same, you're never far
from the mark

Now and then you close your eyes to see the
heartbreak in disguise

Kiss it off with lipstick lies

Chorus:

Lipstick lies won't hide the truth, and they won't keep
you waterproof

The victim of your vanity, you see just what you want to
see

Who's to blame, love is love by any name, who's to
blame

(Solo)

(chorus) - love is love by any name

Who's to blame, love is love by any name, who's to
blame
