I lost faith in myself, in everyone and everything  
around me

I thought I'd disappear, maybe you'd be better off  
without me

You showed me I was wrong, everybody needs  
someone

And love is not about perfection

You made no promises

Life is hard enough you said, without you

Only You, Only You

You're all that matters

Only You, Only You, Only You

Only You give me strength

When my world is shattered

Only You, Only You, Only You

I've walked this road some many times before

You'd think I'd know the way

But like the fool that I am, it always ends the same

You said that everyone deserves a little happiness

No one should have to be alone

Me, I'd be satisfied with just a little tenderness,

With you

Only You, Only You

You're all that matters

Only You, Only You, Only You

Only You break the chain

When my world is shattered

Only You, Only You, Only You

Only You, Only You

You're all that matters

Only You, Only You, Only You

Only You give me strength

When my world is shattered

Only You, Only You, Only You
