"Out A Touch"

I've seen your picture in the paper, on the front page of
magazines

I pulled the trigger right at you on Billboards movie
screens

When I talk it's to myself, 'cos I know your kind just like
everyone else

Maybe it'll work itself out in time, before I lose my mind

You, you're out-a-touch, all alone in the danger zone
and I think too much

You're out-a-touch

I keep your letters by the mirror, you're the subject of
every dream

You're not so invincible and I'm not what I might seem

When I look it's in your eyes, and I know your look, you
can hypnotize

How long does it have to last like this, a kodachrome
kiss

You, you're out-a-touch, all alone in the danger zone
and I think too much

You, you're out-a-touch

You're in my sight all thru the night and I see too much

You're out-a-touch

Can't you see I'm obsessed, I'd do anything, I'm
possessed

I'm in a constant rage with preliminary stage, I need
you, I need you

(Instrumental break)
