Bells will be ringin' the glad glad news, oh what a
christmas to have the blues

My baby's gone and I have no friends, to wish me
greetings once again

Choirs will be singin' silent night, Christmas carols by
candle light

Please come home for Christmas, please come home
for Christmas

If not for Christmas, by new year's night

Oh, friends and relations send salutations

As sure as the stars shine above, yeah

It's Christmas, Christmas my dear

It's the time of the year, the time of the year to be with
the one you

The one you really love

Oh won't you tell me, you'll never more roam

Christmas new years we'll find you home

There'll be no more sorrow, no more grief and pain

Because I'll be happy that it's Christmas once again

(Solo)

Please come home for Christmas baby

There'll be no more sorrow, no more grief and pain

Because I'll be happy, Lord I'll be so happy, happy once
again
