Never again, isn't that what you said  
You've been through this before  
You swore, this time, you'd think with your head  
No one would ever have you again  
And if takin' was gonna get done, you'd decide where  
and when  
Just when you think you got it down  
Your heart securely tied and bound  
They whisper promises in the dark  
Armed and ready, you fought love battles in the night  
But too many opponents made you weary of the fight  
Blinded by passion, you foolishly let someone in  
All the warnings went off in your head, still you had to  
give in  
Just when you think you got it down  
Resistance nowhere to be found  
They whisper promises in the dark  
But promises you know what they're for  
It sounds so convincing, but you heard it before  
'Cause talk is cheap and you gotta be sure  
And so you put up your guard  
And you try to be hard but your heart says try again

You desperately search for a way to conquer the fear

No line of attack has been planned to fight back the  
tears

Where bold and restless dreams are both won and lost

On the edge is where it seems it's well worth the cost

Just when you think you got it down

Your heart in pieces on the ground

They whisper promises in the dark
