She's a personality, enjoying popularity for making
movies rated X
Posing for a magazine, picture in a limousine,
someone simulating sex
Never thought that she could be lonely with her vanity
Wasted days and lonely nights
Working for the sugar man, making sure a happy man
'Cos satisfaction's guaranteed all night
Chorus:
Drinking champagne is her past time, makin' hot love is
her main line
Money buys love and a wild time, makin' hot love is her
main line
Hot love!
She wakes up and breaks up and wonders why love is
unkind
She wakes up and makes up and looks in the mirror to
find
Pink champagne and diamond rings, fascinating bright
love things
Dancing at the discotheques
Starlet from the silver screen, singing in a midnight
dream rated X
chorus repeats 2x
Hot love, c'mon give me hot love, satisfaction
guaranteed...
