So long, hope we'll meet again one day

I'm hopin' maybe then you'll say, darlin', I was wrong

So long, so long, so long, gee I hate to see you go

You're really the world to me, you know

You, you just stay, so long

All alone with my memories of you, and I can see that
you're lonely too

You're my all, even though we're far apart

But I'll keep you right here in my heart

So long, so long, so long, so long, though you leave me
here to cry

Oh could it, could it, could it, could it be goodbye

But you know that you been mine so long

(Solo)

Yes I'm alone with my memories of you

Yes I can dream dream dream that you're lonely too

You're my all, even though we're far apart

But I keep you right here in my heart

So long, so long, so long, though you leave me here to
cry

Well this could never never never mean goodbye

Darlin' you, you just stay, so long
