

## Benatar Pat "So Sincere"

Visit "[So Sincere](#)" on MotoLyrics.com

You say "I love you" and we're so sincere

I look in your eyes and it becomes quite clear

You want what I want, you need what I need

When I turn to leave, you plead and plead and plead  
and plead and plead

We're so sincere, we're so sincere, we're so sincere,  
we're so sincere

Now I'm sure I'm right and I'm so sincere

Convince me I'm wrong with a single tear

You want me so badly, you can't live without me

When I turn to leave, you bleed and bleed and bleed  
and bleed and bleed

We're so sincere, we're so sincere, we're so sincere,  
we're so sincere

(Instrumental break)

We're livin' so fast, we're not livin' at all

Two sparrows tied together will always fall

You know we love each other, so there's nothing to  
prove

But I'm gonna smart up if somebody don't move, move

We're so sincere, we're so sincere, we're so sincere,  
we're so sincere
