You were the one who made me lose control, just when
I needed to be on my own

You had an answer, but no alibi

You're feelin' sorry 'cause there's no time to lie

Chorus:

So what, you deserve everything that you got

You think I'm gonna be there, but I'm not

So take it anyway you want it, take it anyway you please

Take it anyway you want it, but I don't think you wanna
bother me

Don't bother runnin' through the old routine

Your words are weak and they don't mean a thing

You had your chances and you threw 'em away

You said the 'turnaround' was in fair play

chorus

I don't wanna be the one accused

You never thought you'd see the day it'd come back on
you

(Instrumental break)

You hate to say that maybe you were wrong

You want contentment, but ya can't be that strong

You see the shadow on the window blind, but that
shadow will never be mine

chorus

Take it anyway you want it, take it anyway you please

Take it anyway you want it, but I don't think you wanna
bother me
