Never been no fragile flower, I always got too much to say

Never had much luck with love and romance, I guess it's always been that way

But I've been seriously thinking 'bout slippin' on a velvet glove

I know it's strange, but my luck's about to change

'Cos what we got here is true love, yeah yeah

Chorus:

True love, you can't buy it, no no, you know it ain't like nothin' else

True love, you really oughta try it

You owe it to yourself to get you some true love

You know I wake up every morning, it's the first thing on my mind

This is a permanent condition of the most serious kind

Now let me tell you baby, that you were sent from up above

Give me a sign, let's not waste any more time

'Cos what we got here is true love, yeah yeah

chorus

I called the man at the video store and I said

Cancel my membership, I won't be needin' it no more

Found something else to occupy my nights, and baby,

it's just right

I'm out on true love, true love yeah

(Solo)

I called the man at the video store and I said

Cancel my membership, I won't be needin' it no more

Found something else to occupy my nights, and baby,  
it's just right

I'm out on true love, true love yeah

Everybody wants it, everybody needs true love

Don't give me none of that bad lovin', I gotta have good  
love

True love, yeah, true love
