N. Giraldo, P. Giraldo, M. Grombacher)

Are you lonely tonight? Are you thinkin' of me?

Do you ever wonder how should I feel?

Close your eyes now and picture me there

You can push us aside, you can tear us apart

But it doesn't change the way that I feel

Close your eyes now and you'll see me there

By your side, so wrong, so right

Chorus:

We make our choices, as time goes by

But nothin' matters more than you and I

One in a million, two of a kind, you and I

It was all we could stand, it was heaven and hell

It was everything and nothing together

Maybe some things are just meant to be, what they are,
so close, so far

(chorus)

You know I love you, I want you, but what can I do?

Can't fight this feelin', I just can't go on without you,
baby I want you

(Solo)

Are you lonely tonight? Are you thinkin' of me?

Did you ever wonder, how should I feel?

Maybe some things are just meant to be, yeah

(chorus repeats 2x)

We make our choices, when nothin' matters, only you
and I
